

Course with Dr. Thiago Ottoboni

Composite Resin in Anterior Teeth

November 21-22, 2019

Designed for dental professionals, this course represents a great opportunity to learn and deepen knowledge in this area.

Dr. Thiago Ottoboni

- Specialist in Restorative Dentistry – UNOPAR
- Master in Restorative Dentistry – UNG
- Professor in the IPPO Institute
- Styleitaliano Silver Member
- Private Clinic – Blumenau SC

Goals of the course

To enable the dentist to understand the composite resin in clinic and in mouth:

- Understand the systems and color selection independent of the resin brand used;
- Plan teaching;
- To enable the dentist to perform high-level class IV, diastema, conoide, veneers on darkened substrates and veneers on normal substrates;
- Teach finishing and polishing protocol;
- Create a protocol for longevity and teach how to follow clinical cases, creating protocols for repair and repolishing.
